Unfortunately there was a mistake in the title of abstract number 185 presented at the 51st EASD Annual Meeting. The correct title (‘hypertensive’ rather than ‘hypersensitive’) is given above. In addition, please note that the correct units for estimated glomerular filtration rate (eGFR) in the table are $\text{ml min}^{-1} 1.73 \text{ m}^{-2}$ (not $\text{mg ml}^{-1} 1.73 \text{ m}^{-2}$).
