DOI 10.1007/s10750-015-2251-z

Due to an unfortunate turn of events, Fig. 2 appeared incorrectly in the original publication causing the

caption to mismatch the figure. The correct image and its caption are published here and should be treated as definitive by the reader.

The online version of the original article can be found under doi:[10.1007/s10750-015-2251-z](https://doi.org/10.1007/s10750-015-2251-z).
