The authors have retracted this article [Md. Nasif Ahsan & Kuniyoshi Takeuchi, *The dynamics among poverty, vulnerability, and resilience: evidence from coastal Bangladesh*, published online on 14 September 2015 (doi:10.1007/s11069-015-1950-0) in Natural Hazards]. Even though the article is based on original data, significant portions of text have been rephrased and the structure and presentation have been used without citation, knowledge and permission from another article previously published in **Ecological Economics**, [Aker, S., & Mallick, B. (2013) *The poverty–vulnerability–resilience nexus: Evidence from Bangladesh*. *Ecological Economics*, 96, 114–124].

The online version of this article contains the full text of the retracted article as electronic supplementary material.
