Welcome!

Sexuality and Disability continues to provide original impact articles addressing the mental health and medical aspects of sexuality in relation to rehabilitation, hospital, academic and community settings, publishing up-to-date articles, case studies, clinical practice reports, reviews, featured articles, historical articles, special grand rounds topics, brief research reports and survey data reports. Value benefit is provided to authors through worldwide electronic exposure and professional access, while readership gains from scholarly contributions to advance the field through research, best-practice and educational articles. The refined lens of individual contributions from the local and international community continues to deliver a wealth of information on the topic of sexuality and disability for the reader. Thank you for being a part of our international professional network.

In the September 2014 issue, hot topics include the Cancer, HIV/AIDS, Autism, Down's syndrome, Spinal Cord Injury, and Learners with disabilities, as well as examining challenging psychosocial issues.

Look for Special Theme issue coming soon, "The intersection of sexuality and disability: Implications for the Social Work Profession".
