International Institute for Democracy and Electoral Assistance (IDEA)

Created in 1995, International IDEA is an intergovernmental organization that supports sustainable democratic change through providing comparative knowledge, assisting in democratic reform, and influencing policies and politics. International IDEA focuses on the ability of democratic institutions to deliver a political system marked by public participation and inclusion, representative and accountable government, responsiveness to citizens' needs and aspirations, and the rule of law and equal rights for all citizens.

Aims and Activities. International IDEA undertakes work through three activity areas: providing comparative knowledge derived from practical experience on democracy-building processes—elections and referendums, constitutions, political parties, women's political empowerment and democracy self-assessments—from diverse contexts around the world; assisting political actors in reforming democratic institutions and processes, and engaging in political processes when invited to do so; influencing democracy-building policies and assistance to political actors.
