Erratum to:
F. Wang and H. Kim, *Foundations of Commutative Rings and Their Modules*, Algebra and Applications 22, DOI 10.1007/978-981-10-3337-7

The original version of the book was inadvertently published without the following corrections:

In the proof of Proposition 1.7.15 , "construct a the polynomial" should be changed to read as "construct a polynomial".

In the proof of Theorem 4.2.3, "*ann*" should be "ann", that is, the term "ann" should not be in italics.

Before Proposition 6.2.3, "$R_W = R$" should be "$R_w = R$".

In Exercise 6.26(3), the term "first" (must be placed after the term "then".
