Correction to: Journal of Chemical Ecology

<https://doi.org/10.1007/s10886-018-1018-1>

The original version of this article unfortunately contained a mistake. The description of subheadings of Figs. 4c and d have to be interchanged. Figure 4c shows the mass spectrum of (*E*)-4,8-dimethylnona-1,3,7-trien-5-yl acetate (**4**), while Fig. 4d shows the mass spectrum of (*Z*)-3-methylene-2-(pent-2-en-1-yl)cyclopentyl acetate (**3**). The correct version of Fig. 4 is shown below.

The author apologizes for this oversight and for any confusion it may have caused.

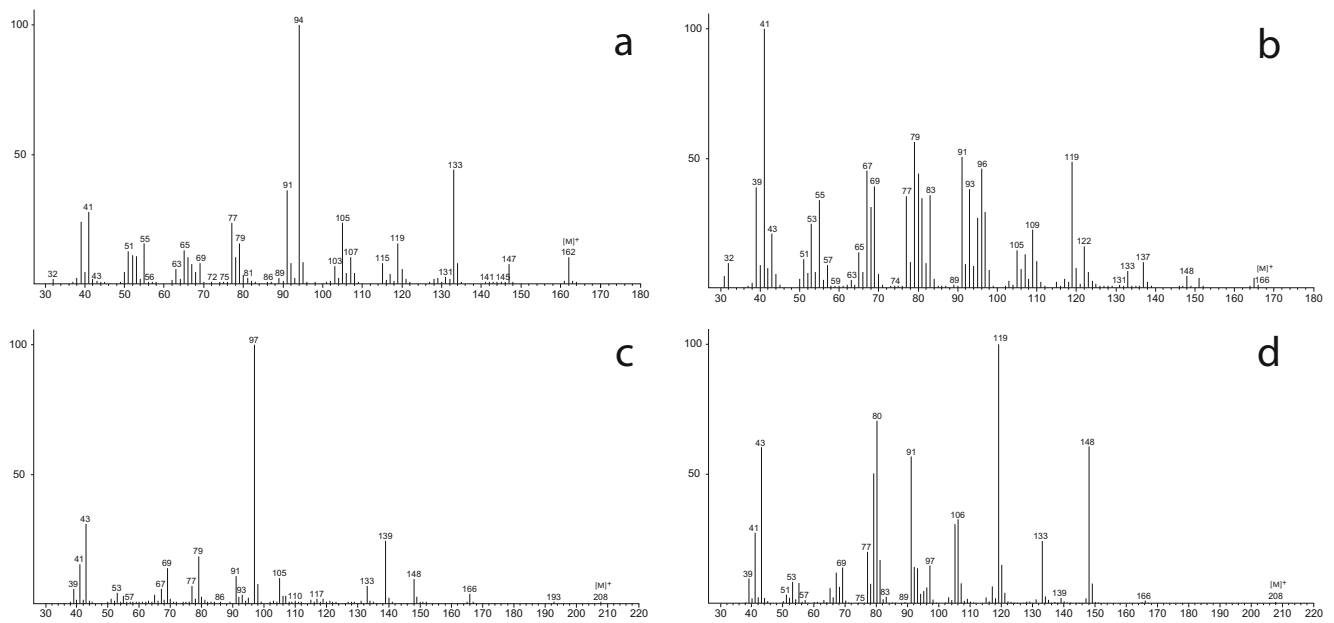

Fig. 4 EI mass spectra of four major compounds of floral headspace scent collections from *Philodendron squamiferum*, *Thaumatococcus daniellii*, *Thaumatococcus zaniwellii* and *Xanthosoma hylaeae*. The compounds were identified in this study as **a** (*Z*)-4-methylene-5-(pent-2-en-1-yl)cyclopent-2-en-1-

one (**1**); **b** (*Z*)-3-methylene-2-(pent-2-en-1-yl)cyclopentan-1-ol (**2**); **c** (*E*)-4,8-dimethylnona-1,3,7-trien-5-yl acetate (**4**); **d** (*Z*)-3-methylene-2-(pent-2-en-1-yl)cyclopentyl acetate (**3**)
