**Retraction Note to: Silicon (2018) 10:2845–2854**  
<https://doi.org/10.1007/s12633-018-9824-1>

The authors have retracted this article (1) because the data are unreliable. After publication, the authors found that the preparation of the SiO<sub>2</sub>/ ZHS and the MF/ SiO<sub>2</sub>/ ZHS microcapsules is not reproducible and therefore the mechanical properties and the flame retardancy properties described are incorrect.

\*All authors agree to this retraction.

**Publisher's Note** Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
