

Correction to: The Three-Dimensional Culture of Epithelial Organoids Derived from Embryonic Chicken Intestine

Malgorzata Pierzchalska, Malgorzata Panek, Malgorzata Czynnek, and Maja Grabacka

Correction to:
Methods in Molecular Biology
https://doi.org/10.1007/7651_2016_15

There are two corrections for this chapter:

In Figure 4 Section A, the upper right corner should read “3d”, whereas it was incorrectly printed as “4d.”

Also, the caption of Figure 5 should read: “The cultures were photographed on the first, second and fifth day of culture (1d, 2d, 5d) with differential interference contrast optics.” rather than the incorrect “The cultures were photographed on second, third, and fifth day of culture (2d, 3d, 5d) with differential interference contrast optics”.

These issues have now been corrected.
