

## SUMMARY OF TABLES

**0. Main indicators and population**

1. Main indicators for the CMEA region . . . . .	33
2. Population . . . . .	36

**I. Production: Sources and Distribution**

0. Definitions . . . . .	43
1. National product . . . . .	45
2. Employment and wages by economic sectors . . . . .	55
3. Gross investment and gross fixed assets by economic sectors . . . . .	109
4. Industrial sector . . . . .	138
5. Agriculture . . . . .	250

**II. Consumption and the Standard of Living**

0. Definitions . . . . .	291
1. Consumption and retail trade turnover . . . . .	292
2. Incomes and prices . . . . .	298
3. Per capita consumption of staple foods . . . . .	303
4. Socio-economic indicators . . . . .	311

**III. Foreign Trade**

0. Definitions and conversion factors . . . . .	321
1. Exports of CMEA countries . . . . .	325
2. Imports of CMEA countries . . . . .	331
3. Exports and imports of CMEA countries by regions . . . . .	337
4. Exports and imports of CMEA countries by commodity groups . . . . .	365
5. CMEA foreign trade with the industrial West . . . . .	386

**IV. Finance**

0. Definitions . . . . .	393
1. State revenue and expenditure . . . . .	394
2. Loans to enterprises, institutions and private households . . . . .	414
3. Private savings deposits . . . . .	418
4. Money in circulation . . . . .	420

**V. Energy**

0. Conversion factors . . . . .	423
1. Resources . . . . .	424
2. Production in natural units . . . . .	425
3. Production, net imports and consumption . . . . .	432
4. Electricity generation . . . . .	441
5. Per capita and specific energy consumption . . . . .	446
6. Final energy consumption, including a projection . . . . .	447
7. Energy trade . . . . .	451
