

- Intraval sodium. Short-acting intravenous barbiturate hypnotic for induction of anaesthesia: see **Thiopentone sodium**.
- Intron A. For treatment of 'hairy cell' leukaemia: see **Interferon alpha-2b**.
- Intropin. Intravenous infusion for treatment of shock: see **Dopamine**.
- Iodosorb. Iodine-releasing preparation used as antiseptic in skin ulcers.
- Ionamin (c). Anti-obesity: see **Phentermine**.
- Ionax Scrub. Soap substitute for use in acne: see **Benzalkonium**.
- Ionil T. Shampoo for dermatitis of scalp: see **Benzalkonium, Coal tar**.
- Ipral. Antimicrobial: see **Trimethoprim**.
- Irofol C. Haematinic for prevention and treatment of anaemia of pregnancy: see **Ferrous sulphate, Folic acid, Vitamin C**.
- Ironorm. Haematinic: see **Iron dextran injection**.
- Ismelin. Antihypertensive: see **Guanethidine**.
- Ismo 20. Antianginal: see **Isosorbide mononitrate**.
- Iso-Autohaler. Aerosol bronchodilator: see **Isoprenaline**.
- Iso-Brovon. Bronchodilator aerosol: see **Atropine methonitrate, Isoprenaline**.
- Iso-Brovon Plus. Similar to Iso-Brovon, but higher dose of **Isoprenaline**.
- Isogel. Purgative: see **Ispaghula**.
- Isoket retard. Vasodilator: see **Isosorbide dinitrate**.
- Isomil. Milk-free replacement feed for milk-intolerant patients.
- Isopto alkaline. Lubricant ('artificial tears') for dry eyes: see **Hypromellose**.
- Isopto atropine. Long-acting mydriatic eye drops for cycloplegic refraction and uveitis: see **Atropine sulphate, Methylcellulose**.
- Isopto carbachol. Miotic eye drops for glaucoma: see **Carbachol, Methylcellulose**.
- Isopto carpine. Miotic eye drops for glaucoma: see **Methylcellulose, Pilocarpine**.
- Isopto epinal. Eye drops for glaucoma: see **Adrenaline**.
- Isopto frin. Lubricant/decongestant for inflamed (but not infected) eye: see **Methylcellulose, Phenylephrine**.
- Isopto plain. Lubricant ('artificial tears') for dry eyes: see **Hypromellose**.
- Isordil. Antianginal: see **Isosorbide dinitrate**.
- Isuprel. Sympathomimetic injection: see **Isoprenaline**.

## J

- Jectofer. For iron deficiency anaemia: see **Iron sorbitol injection**.
- Jexin. Skeletal muscle relaxant: see **Tubocurarine**.
- Juvel (d). Vitamin mixture: see **Aneurine, Calciferol, Nicotinamide, Pyridoxine, Riboflavine, Vitamin A, Vitamin C**.
- Juvela. **Gluten-free bread/cake mix**.
