

# I J K

**Ibular.** Anti-inflammatory/analgesic:  
*see* IBUPROFEN.

**Ichthaband.** Topical treatment for  
eczema: *see* ZINC ICHTHAMMOL.

**Idoxene.** Eye ointment for treatment of  
herpetic keratitis (a viral infection of  
the cornea): *see* IDOXURIDINE.

**Iduridin.** Antiviral: *see* IDOXURIDINE,  
DIMETHYL SULPHOXIDE.

**Ilosone.** Antibiotic: *see* ERYTHROMYCIN.

**Ilube.** Eye drops for dry eyes: *see*  
ACETYLCYSTEINE, HYPROMELLOSE.

**Imbrilon.** Non-steroid anti-  
inflammatory/analgesic: *see*  
INDOMETHACIN.

**Imdur.** Sustained-release antianginal:  
*see* ISOSORBIDE MONONITRATE.

**Imferon.** Haematinic: *see* IRON DEXTRAN  
INJECTION.

**Immravax.** Vaccine for active  
immunisation against measles, mumps  
and rubella.

**Imodium.** Antidiarrhoeal: *see*  
LOPERAMIDE.

**Imperacin.** Antibiotic: *see*  
OXYTETRACYCLINE.

**Imunovir.** For oral treatment of herpes  
simplex viral infections: *see* INOSINE  
PRANABEX.

**Imuran.** Cytotoxic: *see* AZATHIOPRINE.

**Inderal.** Beta-adrenoceptor blocker: *see*  
PROPRANOLOL.

**Inderal LA.** Sustained-release  
antihypertensive: *see* PROPRANOLOL.

**Inderetic.** Antihypertensive: *see*  
BENDROFLUAZIDE, PROPRANOLOL.

**Inderex.** Antihypertensive: *see*  
BENDROFLUAZIDE, PROPRANOLOL (as in  
Inderal LA).

**Indocid.** Non-steroid anti-  
inflammatory/analgesic: *see*  
INDOMETHACIN.

**Indolar.** Non-steroid anti-  
inflammatory/analgesic: *see*  
INDOMETHACIN.

**Indolar SR.** Non-steroid anti-  
inflammatory/analgesic: *see*  
INDOMETHACIN.

**Indomod.** Non-steroid anti-  
inflammatory/analgesic: *see*  
INDOMETHACIN.

**Infacol.** For relief of infantile colic: *see*  
DIMETHICONE.

**Influvac.** Inactivated influenza virus  
vaccine.

**Initard.** 50:50 long-acting purified pork  
insulin mixture (50 percent neutral, 50  
percent isophane): *see* INSULIN.

**Innovace.** Antihypertensive: *see*  
ENALAPRIL.
