Editors

D.M. Sykes et al. (eds.), *Sound & Vibration 2.0: Design guidelines for Health Care Facilities* (2010), DOI 10.1007/978-1-4614-4987-4, © ARC 2013

DOI 10.1007/978-1-4614-4987-4_7

The publisher regrets that in the front matter of the print and online versions of this book, attribution is incorrectly given to the Acoustical Society of America's Technical Committees on Noise and on Architectural Acoustics, and its ANSI-Accredited Standards Committee S12 (Noise) Working Group 44 (Speech Privacy) which made it appear that this document was sanctioned by and a product of these ASA committees. The committees mentioned did not directly contribute to the book. These errors have been corrected in the text.
