The equation near the bottom of page 10 that reads:

$$\text{seconds of arc} = \text{seconds of time} \times 15 / \cos(\theta)$$

contains an error. The division operator (‘/’) should be replaced by the multiplication operator (‘×’).

The correct form for the equation is as follows:

$$\text{seconds of arc} = \text{seconds of time} \times 15 \times \cos(\theta)$$
