In the book *Molecular Testing in Cancer* (2014; ISBN: 978-1-4899-8049-6), Springer is retracting the chapter entitled “Molecular Testing in Adult Kidney Tumors” by Gabril and Yousef. After carefully examining the material used in the chapter, it was determined the chapter constitutes duplicate publication with regard to a previously published book, “*Cancer Genomics: Molecular Classification, Prognosis and Response Prediction*”, Pfeffer, 2013, Springer Science and Business Media.
