

# **Correction to: In Silico Analysis of Genomic Data for Construction of Nuclear Receptor Network**

**Yun-Young Park and Ju-Seog Lee**

## **Correction to:**

**Chapter 7 in: Gabriella Castoria and Ferdinando Auricchio (eds.), *Steroid Receptors: Methods and Protocols*, Methods in Molecular Biology, vol. 1204, [https://doi.org/10.1007/978-1-4939-1346-6\\_7](https://doi.org/10.1007/978-1-4939-1346-6_7)**

The author of the Chapter 7 forgot to acknowledge a grant number in the original publication. He would like us to print a correction that states:

The protocol is based on previous publication (Park YY et al. Reconstruction of nuclear receptor network reveals that NR2E3 is a novel upstream regulator of ESR1 in breast cancer. *EMBO Mol Med*. 2012 4:52–67).

---
