Credit line for Chapter 20, titled “Business Opportunities and Future Directions” (page 475, DOI 10.1007/978-1-4939-2113-3_20) had been missed, we have now updated it as below:

This chapter is based on VTT Working Paper 113 Digiproneurship: New types of physical products and sustainable employment from digital product entrepreneurship, by Stephen Fox & Brent Stucker. The terms “Digiproneurship” and “Factory 2.0” were first introduced in this paper, which is archived at <http://www.vtt.fi/inf/pdf/workingpapers/2009/W113.pdf>

The updated online version of the original chapter can be found under
