## Erratum to:

Chapter ‘The Evaluation of Different EEG Sensor Technologies’ in: F.D. Davis et al. (eds.), *Information Systems and Neuroscience*, Lecture Notes in Information Systems and Organisation 10, DOI [10.1007/978-3-319-18702-0\\_11](https://doi.org/10.1007/978-3-319-18702-0_11)

The original version of this chapter unfortunately contained a mistake in Table 1 (2nd row, 5th column). The water-based electrode system “Mobita” from TMSi is wireless and the table was corrected accordingly.
