## Erratum to:

**F. Roure et al. (eds.), *Lithosphere Dynamics  
and Sedimentary Basins of the Arabian Plate  
and Surrounding Areas*, *Frontiers in Earth  
Sciences*, DOI [10.1007/978-3-319-44726-1](https://doi.org/10.1007/978-3-319-44726-1)**

The original version of the book was inadvertently published without the following corrections: The Chapter title “Architectural and Hydraulic Characteristics of Fault Zones in the Mesozoic Carbonate Formations of Central and

Eastern Saudi Arabia” has been modified to read as “Pressure and Thermal Regimes and Systems in the Sedimentary Sequence of Central and Eastern Saudi Arabia”. In Chapter “The Effect of the Palmyra Trough and Mesozoic Structures on the Levant Margin and on the Evolution of the Levant Restraining Bend” the first author’s name “Ramadan Galhyani” has been changed to “Ramadan Ghalayini”. The erratum chapter and the book have been updated with the changes.
