

## Code 12: A UK Based ED Pathway

# 57

- ‘*Counselling is needed and specialist nurse support.*’—ID 4
- ‘*Devices should be explained.*’—ID5

Whilst it became clear that the standard pathway of care, with PSA follow-up at 6 weeks for oncology was met, it was also very apparent that there was a significant requirement for a UK based ED pathway post prostate cancer care (Table 57.1). (please see below for Pathway).
