The chapter: “Karst Landscape of Georgia” has been retracted following the conclusion of an investigation by Vakhushti Bagrationi Institute of Geography, Ivane Javakhishvili Tbilisi State University. The institution concluded that the book contains translated material that substantially overlaps with the following works (amongst others) Khazaradze R, *The Pleistocene Glaciation of Caucasus*. Metsniereba; 2014. Tbilisi, Georgia; Gobejishvili R, *The relief of Georgia*. Universali; 2011. Tbilisi, Georgia; Georgian National Atlas (Ed. Ramin Gobejishvili), 2012, Tbilisi, Georgia The institution also raised concerns about authorship and author affiliations within the book and informed us that co-authors Alexander Javakhishvili, Davit Tsereteli, Levon Maruashvili, Ramin Gobejishvili, and Nikoloz Astakhov are deceased.

1. Maka Tsereteli, granddaughter of Davit Tsereteli, George Tvelchidze, son of Nikoloz Astakhov, Nestan Maruashvili, daughter of Levon Maruashvili, Nino Machavariani, granddaughter of Alexander Javakhishvili, agree to this retraction.

2. Levon Tielidze does not agree to this retraction.
