The author missed to add the source line to the Fig. 18.1 and the correct figure legend should read as:

Fig. 18.1 Tau pathology in a postmortem brain of a PSP patient within the basal ganglia. Immunostaining with the AD2 antibody against human tau. Pathological AD2 immunoreaction in cytoplasm of oligodendrocytes (coiled body) and astrocytes (tuff), in neurites (threads), and in neuronal cytoplasm in loose (pre-tangle) and dense aggregation (tangle) (Stamelou et al, 2010) (Photos: G. Hoeglinger)
