Chapter 11 Particulate and Immunity

Etsushi Kuroda, Cevayir Coban, and Ken J. Ishii

© Springer Japan 2014

M. Akashi et al. (eds.), *Engineered Cell Manipulation for Biomedical Application*, Nanomedicine and Nanotoxicology,
DOI 10.1007/978-4-431-55139-3_11

DOI 10.1007/978-4-431-55139-3_16

The earlier version of print book has 53 references in this chapter. Now, a new reference (54) mentioned below was added in the chapter of both print and online version.

54. Kuroda E, Coban C, Ishii KJ (2013) Particulate adjuvant and innate immunity: past achievements, present findings, and future prospects. *Int Rev Immunol* 32(2):209–220.

On p. 201, line 14 from top: following text included in print and online

‘(**This is a modified review based on ref. 54*)’

The updated original online version for this chapter can be found at
