

please take note

The *Practical Failure Analysis* staff makes every effort to correctly present authors' contributions. Occasionally errors do occur. In Vol. 1(1), p. 60 ("Influence of Plasma Spray Parameters on the Cracking Behavior of Ytria Stabilized Zirconia Coatings," by A. Kucuk, C. G. Dambra, and C. C. Berndt), Fig. 1 was reproduced incorrectly. Part b of Fig. 1 was presented twice (as Part a and as Part b) and Part a was omitted. The correct Fig. 1 is shown below:
