The World of Diabetologia in 1999 (Editorial)

Diabetologia (1999) 42: 1–2

W. Waldhäusl

On page 1, second column, line 29 should read:

. . . diabetology. Up until now there has been a tendency to reinvent the rules of internal medicine which are to treat nephropathy and hypertension whenever they occur. This time something new has been added. Some puzzle . . .

Intramyocellular lipid concentrations are correlated with insulin sensitivity in humans: a ^1H NMR spectroscopy study (Rapid communication)
