Correction to: Inflammation Research
<https://doi.org/10.1007/s00011-020-01357-7>

In the original publication of this paper contains some typographical errors in Table 1 and in the methods section. In Table 1, Controls ($N=75$), not Diabetes ($N=77$) and Column of FLC variables: mg/L not mg/mL. In the First line of method; 77 patients, not 75 patients.

This has been corrected in this paper.
