**Correction to: International Journal of Colorectal Disease (2019) 34:1895–1905**

<https://doi.org/10.1007/s00384-019-03396-x>

The authors of the article mentioned above found out errors on the Table 4 concerning the number and survival rates of patients with incomplete radiotherapy.

Lines 13–15 in the 8th paragraph of the Results section now reads as follows:

“A trend towards longer survival was found if chemoradiotherapy was performed completely (77.7 vs. 62.7%, Table 4).”
