Correction to: Rheologica Acta (2018) 57:251–266
<https://doi.org/10.1007/s00397-018-1072-1>

The original version of this article unfortunately contained a mistake. In the last line of the Abstract, the words “suggest” and “hypothesize” should have been “hypothesize” and “viscous”, respectively. Thus, the said line shall read as: We hypothesize that these structural features account for increased viscous dissipation, which contributes to their ductile-like macroscopic behavior.

The online version of the original article can be found at <https://doi.org/10.1007/s00397-018-1072-1>
