The original version of this article was revised:

- In Table 1 the Kilometres variable is aligned with the rest of the table.
- “The *within effect* is calculated as a group-mean-centred covariate ( $y$ )” is replaced by “The *within effect* is calculated as a group-mean-centred covariate ( $x_{ij} - \bar{x}_j$ )”.
- In the reference list “Coulter, R., van Ham, M., & Findlay, A. M. (2016). Rethinking residential mobility: Linking lives through time and space. *Progress in Human Geography*, 40(3), 352–374” should be listed between Cooke, T. J. et al. (2016) and Couper, M. P. & Ofstedal, M. B. (2009).
