**Correction to: Nutr Cycl Agroecosyst**  
<https://doi.org/10.1007/s10705-018-9911-0>

In the original publication, in Table 6, the asterisks (\*\*\*) indicating the *P* values appeared under the column of use efficiency for N, under column of output for P and under column of input for K should have been put under the columns of N, P and K balances.

The original article was corrected.
