

## ERRATUM

**To the article “Thermodynamic Analysis of Nanocrystalline and Amorphous NbCr<sub>2</sub> Intermetallic Produced by Mechanical Alloying Followed by Hot Pressing,” Xiao-wu Nie, Shiqiang Lu, and Kelu Wang, Vol. 51, Nos. 11 – 12, pp. 563 – 566, November – December, 2009**

The names and affiliations of the authors should be rendered as follows:

**Hua Xu,<sup>1</sup> Qingming Wen,<sup>1</sup> Zhengping Hai,<sup>2</sup> and Xiao-wu Nie<sup>3</sup> (corresponding author)**

<sup>1</sup> College of Mechanical Engineering, Hunan University of Technology, Zhuzhou, 412008, P. R. China.

<sup>2</sup> Department of Automobile Engineering, Hunan Communication Polytechnic College, Changsha 410004, P. R. China.

<sup>3</sup> Department of Engineering, Hunan Railway College of Science and Technology, Zhuzhou, Hunan Province 412000, P. R. China.

In addition, the grant information at the bottom of page 566 should appear as follows:

The work has been performed with financial support of the Hunan Provincial Education Department (Grant No. 09C1231) and the Hunan Provincial Science and Technology Department. The authors are also grateful to the Graduate Innovation Project of the Nanchang Hangkong University (Grant No. YC2006001) and the Graduate Innovation Foundation of Jiangxi Province (Grant No. YC07A082) for financial support.
