Correction to: Philos Stud <https://doi.org/10.1007/s11098-019-01367-0>

The original version of this article was published with an error in the final equation in this sentence on page 20 (section 3.6.1): “His solution is to introduce causal constraints in addition to the quantitative constraints $P(W_2|B_1) = 1$ and $P(B_2 \vee G_2 | B_1) = 1$.” The corrected sentence reads: “His solution is to introduce causal constraints in addition to the quantitative constraints $P(W_2|B_1) = 1$ and $P(B_2 \vee G_2 | W_1) = 1$.”

In addition, the original references list mistakenly listed Draper (2016) out of order alphabetically. In the corrected references, this entry follows Douven and Schupbach (2015).
