Erratum to: Prev Sci
DOI 10.1007/s11121-009-0151-z

The original version of this article unfortunately contained a mistake. In the last paragraph of the Results section under Effects of Training Interventions on Implementation Fidelity, the last sentence should read as follows: The results indicated higher implementation fidelity in the IMP-SUPPORT condition classes (mean=0.15, SD=0.87) relative to the REGULAR classes (mean=-0.22, SD=1.14; $p<0.05$).

The online version of the original article can be found at <http://dx.doi.org/10.1007/s11121-009-0151-z>.
