The authors would like to indicate the below corrections to Table 2 of the above referenced article.

The note is missing, and the CACE indirect coefficients should be .18** and .16** instead of .16** and .15**. The corrected table is shown in this article.

The online version of the original article can be found at <https://doi.org/10.1007/s11121-017-0839-4>
