The original version of the article unfortunately contained a mistake. The right-side header of the “Theoretical Framework” table on page four is mislabeled. “Lower Likelihood of War” should be written as “Higher Likelihood of War.” The correct information is given below.

### *Prospects for Peace: A Historical and Theoretical Framework*

	Higher Likelihood of Peace	Higher Likelihood of War
<b>Rising Power Dissatisfaction</b>	Low	High
<b>Economic Interdependence</b>	High	Low
<b>Institutional Constraints</b>	Strong	Weak
<b>Domestic Political System</b>	Democratic dyad	Mixed or autocratic dyad
<b>Nature of Alliances</b>	Conditional defensive	Blank check promises
<b>Nuclear Weapons</b>	MAD achieved	MAD not achieved
<b>Sustainability of Domestic Growth</b>	No	Yes
