Correction to: Biological Trace Element Research
<https://doi.org/10.1007/s12011-019-01825-0>

The original version of this article unfortunately contained mistakes.

• In p. 2, 2nd column under the header “Animal and Grouping”, the sentence “The single daily dose of NiSO₄

was 1.25, 2.5, and 5.0 mg/kg respectively” should be changed to “The single daily dose of NiSO₄ was 2.5, 5.0, and 10.0 mg/kg respectively”.

• In Table 4, the entry under the column H, row Fas should be changed to 15.50 ± 2.56.

• Below is the correct Figure 4.

The online version of the original article can be found at <https://doi.org/10.1007/s12011-019-01825-0>
