Correction to: Immunologic Research

<https://doi.org/10.1007/s12026-018-9041-4>

The published article unfortunately contained mistake. After replacing the image from colored version to black and white, the Fig. 1 caption, unfortunately, was left unupdated. The correct statement is provided below:

Fig. 1 **a, b** and **c**: Expression levels of circulating miRNA in patients with active (black) and inactive (gray) cyst associated with the regulation of genes involved in the control

of molecules connected with the immune system and signaling and transport of proteins

The original article has been corrected.

Publisher's note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

The online version of the original article can be found at <https://doi.org/10.1007/s12026-018-9041-4>
