Retraction Note to: Metals and Materials International, Vol. 13, No. 5 (2007), pp. 385–389
<https://doi.org/10.1007/BF03027872>

This article [1] has been retracted at the request of the Editor-in-Chief. Concerns were raised regarding substantial duplications with previous articles published in other journals. After a thorough analysis, we conclude that the concerns are valid. The article contains sections that substantially overlap with the following published article [2]

(amongst others). S.-G. Shin has not responded to correspondence from the Editor about this retraction.

1. “Two-Dimensional Simulation of Percolation Structure in Two-Phase Composites” S.-G. Shin, *Mat. Mater. Int.*, Vol. 13, Issue 5, pp. 385–389 (2007).
2. “Computer Simulation of Percolation Structure in Composites” A. Ishida, H. Matsubara, K. Furukawa, M. Miyayama, and H. Yanagida, *J. Ceram. Soc. Jpn.* 103, 996 (1995).
