**Correction to: Phytoparasitica (2018) 46, 197–201**  
<https://doi.org/10.1007/s12600-018-0646-x>

The published online article unfortunately has an error.

In a paper describing *Anagyrus pseudofuscus* Zu sp. nov. (Zu et al. 2018), the authors omitted to designate the depository of the holotype. Under Article 16.4.2 of the current International Code of Zoological Nomenclature (1999) this renders the name unavailable because the name and location of the depositor of the primary type must be designated.
