The publisher regret that in the Table 1 the data under column “**Estimated age (kya)**” aligned with the table entry “**European moose (*Alces alces*)**” was interchanged, original reading “**20–35 Eastern/Western/Central**” should have been “**Eastern/Western/Central 20–35**”. The original article has been corrected.

Publisher’s note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
