The European Journal of Development Research (2018) **30**, 343. <https://doi.org/10.1057/s41287-017-0097-0>; published online 7 September 2017

Correction to: *The European Journal of Development Research* (2017), Volume 29, Issue 3. doi: 10.1057/s41287-017-0088-1

We regret that an incorrect word was originally used in the abstract of this article. The original abstract stated that ‘This finding raises the possibility of substituting bans of active ingredients in herbicides with alternative solutions’. The sentence should have said ‘This finding questions the possibility of substituting bans of active ingredients in herbicides with alternative solutions’.

The remainder of the research has not been affected and no other element of the article is under question.
