Erratum to: Influence of the Sodium Niobate Addition on the Sintering and Properties of Zirconia Ceramics

V. V. Smirnov^{a,*}, S. V. Smirnov^a, T. O. Obolkina^a, M. A. Goldberg^a, O. S. Antonova^a,
and Corresponding Member of the RAS S. M. Barinov^a

Received July 31, 2019

DOI: 10.1134/S0012500819080093

On page 143, right column, Section Funding should be read *Synthesis of nanodispersed ZrO₂ powders, fabrication and study of the microstructure and phase composition of zirconia-based ceramics were supported by the Russian Foundation for Basic Research (project no. 18–29–11053mk). Investigation of the sin-*

tering of low-temperature ceramics was supported through a grant from the Council for Grants of the President of the Russian Federation for Support of Young Scientists (grant no. MK-5661.2018.8). Studying the porosity and mechanical properties was supported through a scholarship of the President no. SP-3724.2018.4.
