**DOI:** 10.1134/S1995080210030157

There are some misprints in that paper:

(1) Page 1, line 5 from below should be  $\|x\|_{L_2(\Omega, Y)} = \{E\|x\|_Y^2\}^{\frac{1}{2}}$ .

(2) Page 2, line 4 Eq. (1.2) should be

$$\|\zeta\|_{M(I, Y)} = \left\{ \sup_{t \in I} E\|\zeta(t)\|_Y^2 \right\}^{\frac{1}{2}}, \quad \zeta \in M(I, Y). \quad (1.2)$$

(3) Page 2, Eq. (2.3) should be

$$\begin{aligned} \|g(t, x, y) - g(t, \tilde{x}, \tilde{y})\|_{L(K, X)} &\leq C(\|x - \tilde{x}\|_\gamma + \|y - \tilde{y}\|_\gamma), \\ \|g(t, x, y)\|_{L(K, X)} &\leq C\{1 + \|x\|_\gamma + \|y\|_\gamma\} \quad \forall x, y, \quad \tilde{x}, \tilde{y} \in X_\gamma. \end{aligned} \quad (2.3)$$

(4) Page 2, Eq. (2.4) should be

$$Wu = \alpha \int_0^T \int_0^\infty \theta(T-s)^{\alpha-1} \xi_\alpha(\theta) S((T-s)^\alpha \theta) B u(s) d\theta ds. \quad (2.4)$$

(5) Page 2, line 20 the word “desity” should be “density.”
