# Correction to: Sex differences in drugs: the development of a comprehensive knowledge base to improve gender awareness prescribing

Linnéa Karlsson Lind<sup>1,2\*</sup>, Mia von Euler<sup>2,3,4</sup>, Seher Korkmaz<sup>4,5</sup> and Karin Schenck-Gustafsson<sup>6,7</sup>

## Correction

Unfortunately, after publication of this article [1], two errors were noticed. The names of Linnéa Karlsson Lind and Karin Schenck-Gustafsson were formatted incorrectly, attributing incorrect elements to the Given and Family names.

Further to this, a reference in Fig. 1 was missing. The line reading, “Fig. 1 shows the working process and each step is explained in more detail below” should instead read, “Fig. 1, modified from Nörby et al. [2], shows the working process and each step is explained in more detail below”.

The figure caption for Fig. 1 should, accordingly, read, “Fig. 1 Workflow for producing and maintaining the knowledge base Janusmed Sex and Gender (modified from Nörby et al. [2]).”

Note that reference 2 in this correction corresponds to reference 20 in the original article. The original article has also been updated to correct all aforementioned errors.
