

ERRATA

Erratum to “Csilla Mészárosová, Nadežda Kolarova,
Renáta Vadkertiová, Eva Stratilová:
Induction of *Cryptococcus laurentii* α -galactosidase”,
Chemical Papers 66 (9) 806–813 (2012)*

Csilla Mészárosová, Nadežda Kolarova, Renáta Vadkertiová, Eva Stratilová

Institute of Chemistry, Slovak Academy of Sciences, Dúbravská cesta 9, SK-845 38 Bratislava, Slovakia

Received 25 June 2012

On pages 810 and 811 of the original article Mészárosová et al. (2012), incorrect Figs. 1–3 were published. Correct figures are given below. Editors wish to apologize to the authors and readers for this mistake in the published article.

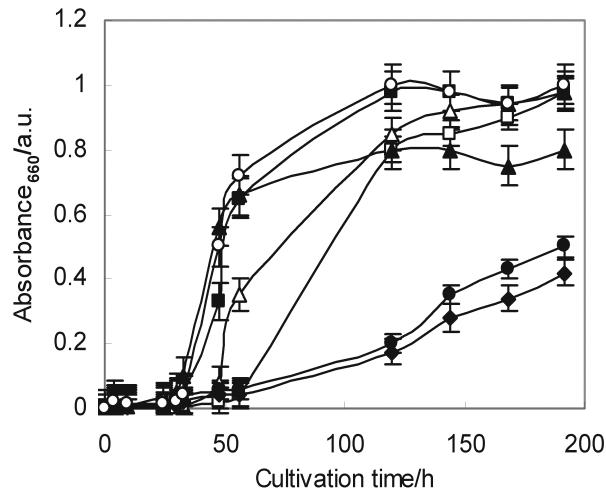

Fig. 1. The growth curves of CCY 17-3-29 on medium with different saccharides; maltose (Δ), cellobiose (\square), sucrose (\circ), lactose (\bullet), lactose at 20°C (\blacklozenge), mellibiose (\square), and raffinose (\blacktriangle).

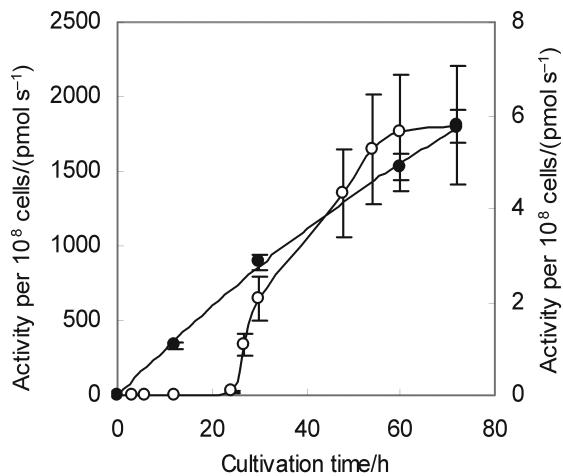

Fig. 2. The activities of surface α -galactosidase (\circ) (right axis) and β -galactosidase (\bullet) (left axis) measured on cells of *C. laurentii* CCY 17-3-29 during cultivation on lactose containing medium.

* Original article DOI: 10.2478/s11696-012-0170-2.

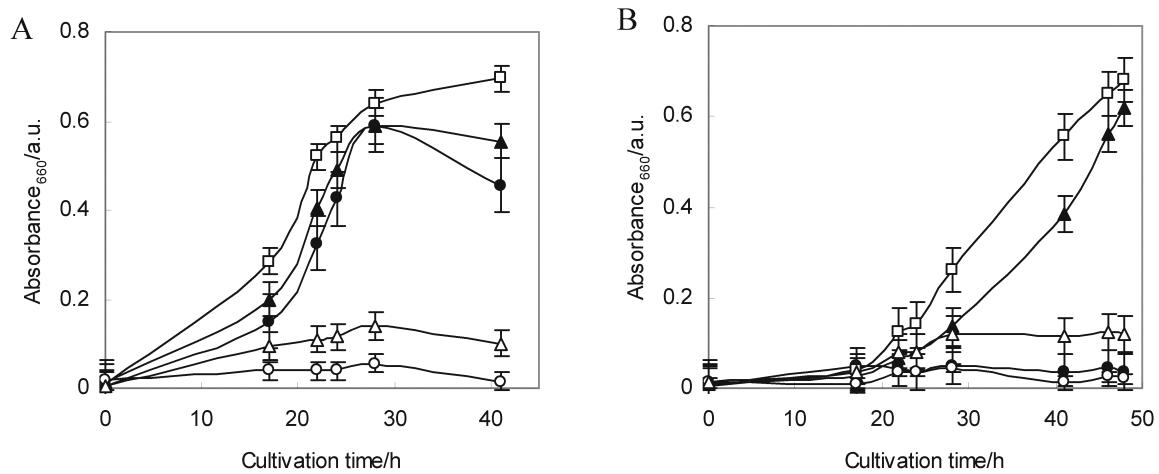

Fig. 3. The growth curves of *C. laurentii*: CCY 17-3-6 (acapsular) (A) and CCY 17-3-29 (capsular) (B) in the medium with various C-sources; glucose (□), galactose (▲), EPS (△), lactose (●), and no saccharide (○).
