technological backwardness, 66, 107

technological behaviour, paradigm of, 11

technological capabilities, 1–3, 7, 11,

- 14–17, 19–23, 25, 28, 49, 62, 64–6,

- 68–70, 72–3, 160, 163–4, 166–8, 172,

- 203, 205, 207–8, 222–3, 234, 268

- accumulation, 4, 16, 18, 20, 30, 66,

- 69–70, 160, 222

- acquisition of, 68

- in developing countries, 16–20

- domestic, 11–12, 14–15, 17

- firm-level, 62, 70, 203

- learning and internal, 58

- lower-order, 204, 234

- measure of, 205

- patent take-up, 207

- productivity slowdown, 164

- revenue catch-up, 208

technological capability building

- approach, 11, 21, 28, 32

technological catch up, 7, 70, 202–5,

- 210, 213, 215–17, 224–5, 234

technological change, 1, 5, 11–13,

- 15–16, 18, 21–3, 32, 37, 58–74, 224,

- 234–5, 247, 255, 272, 277

- analysis of, 5, 59, 62–3

- in firms, 11

- globalization and, 80

- Latin American plants, 65

- lower degree of industrialization, 62

- neo-Shumpeterian approach, 62

- technology import, 63

technological cycle time, 231–2, 237

technological development analysis, 61

technological innovations, 43

technological opportunities, levels of, 223

technological packages, 2, 18–19

technological performance, 11, 32

technological phases

- acquisition phase, 65

- assimilation and learning phase, 65

technological spillovers, 168–9, 171

technology assimilation, 106

technology commercialization, 94

technology gap, 168–71

- causality between the, 169

technology imports, 63

technology-intensive activities, 172

technology modernization, 71

technology transfer, 1–2, 6, 12–13,

- 17–18, 58, 60, 64–5, 79, 84–6, 94,

- 106–14, 121, 224, 226–7, 235, 268

- by-product of market transactions, 108

- developed to developing countries, 64

- embodied, 224, 226–7*t*

- export-oriented countries, 112–18;

- electronics industry, 116; forward

- and backward linkages, 112;

- import-substituting nations, 116*f*;

- intra-firm cross-subsidization, 113

- foreign direct investment, 107

- modes of, 106–8; market transactions,

- 107–8; new equipment import,

- 106

- modularity, and, 224, 235

- with trade restrictions, 110–12
