Chapter 3

1. See, for example, Peter Townsend, 'Area Deprivation Policies', *New Statesman*, 6 August 1976.
2. CDP, *The Costs of Industrial Change: Industry, the State, and the Older Urban Areas* (London, 1977).
3. The term 'inner city' has now become virtually meaningless. It is applied to a whole range of urban situations—including, for instance, post-war council estates in peripheral locations, and small older free-standing towns. Its function in debate is essentially ideological and not descriptive; in many cases it is used as a pseudonym for 'working class'.
