

Index

A, B

Accelerating Pace of Change, 67–69, 278

Agile

lean, 37–38

Anxiety, 12, 49–50, 130, 169, 173, 174, 201, 229, 231, 290

Artificial Intelligence (AI), 4, 13, 27, 67, 70, 71, 73, 90, 193, 204, 277, 297–298, 300, 307, 314–316

Attention, 21–25, 215–268

Awareness, 16–17, 91–160

C

Career path

people leadership, 43–44
thought leadership, 41–43

Career success pyramid
recommendations, 61

Caring for people

We aren't doormats, 205
We can't fake it, 205

Choice, 170–171

Choose, Frame, Perform
Process, 220, 223–227

Clarity process, 18, 20, 81, 167–168, 179, 180, 199, 210, 213
define, 168, 199
own our career and choices
Time Zone Meta-program, 169
set, 168, 169, 210, 211
understand, 168

Coach and Support, 54–55, 183, 190, 191, 244–248

Commoditization of development, 70

Communication channel

auditory, 123–124
auditory digital, 124
kinesthetic, 125
visual, 123

Companion Website, 320

Customer centric, 37, 64, 111

D

Daily performance profile, 21, 220

Deep understanding

development profile, 242–243
effective communication, 241
growth plan, 243–244

Digital Leader

career success pyramid, 12–13
Digital Situational Leadership, 10–12
evolution of leadership, 13–14
unnatural selection, 14–16

Digital Situational Leadership, 10–12, 36, 89, 225

Digital Situational Leadership Model

four modes
friend of the team, 35
futurist, 35
get stuff done, 34–35
utopian, 35–36

Digital society, 13, 69, 70, 204

Disruption and change, 3–4

E

- Embracing Change
 - evolutionary belief system, 281–282
- Emotions
 - Enneagram, 174
 - Robert Plutchik's wheel of emotions, 173
- End of the office block, 4, 13, 69–70, 90, 278, 299, 300
- Enneagram
 - the achiever, 144
 - assessment, 153, 154
 - the challenger, 147–148
 - desires and motivators, 149, 154–156, 158
 - the enthusiast, 147
 - the helper, 143–144
 - the individualist, 145
 - the investigator, 145–146
 - leadership styles, 154–155
 - the loyalist, 146–147
 - the peacemaker, 148–149
 - the reformer, 142–143
 - response patterns, 154–155
 - symbol, 141–142
 - typing other, 153–156
 - The 9 W.I.I.F.M's, 157–158
- Evolution Helix, 14–16, 21, 26, 76–87, 89, 160, 213, 215, 216, 268, 269, 273, 302, 305, 310
- Eye accessing cues, 123, 124, 257

F

- Facilitating reflection, 301–302
- Failure, 57, 61, 317–318
- Four leadership capacities
 - culture, 33
 - delivery, 33
 - strategic, 33
 - tactical, 33
- Four powers
 - actions, 171
 - communication, 171
 - feelings, 171
 - thoughts, 171
- Frames of mind, 208–209, 212

Future reflection

- society
 - end of the office block, 299
 - sharing economy, 299
 - smart homes, cars and cities, 300
- technology
 - A.I., 297–298
 - 3D printing, 295–297

G

- Great Tech Brand
 - 7 elements, 235–238

H

- Highest Frame, 186, 190–192
- Human backend, 140
- Human full stack
 - human API layer
 - deletions, 97
 - distortion, 97
 - generalizations, 97–98
 - meta-programs, 98–99
 - human backend
 - personality types, 99–100
 - human front end
 - actions, 96
 - communication, 96

I, J, K

- Ignite, 29
 - community, 313–314
 - teams, 312–313
 - yourself, 312
- Intention, 161–213
 - define and set, 20–21
 - energy flows where attention goes as
 - set by intention, 165
 - holding, 166
 - Intention Deficit Disorder, 165
 - own
 - our career and choices, 18
 - setting, 166
 - understand, 19
 - unnatural leaders, 20

L

Leadership agility

achiever

- leadership, 111
- stakeholder management, 112
- team member, 111

360 assessment, 117

catalyst

- leadership, 113
- stakeholder management, 113
- team members, 112

co-creator, 103

expert

- leadership, 109
- stakeholder management, 110
- team member, 109

synergist, 103

Leadership shifts

- technology to people, 36–39

Leadership success, 7, 36, 47, 56, 79, 80, 82, 180

Lean Start-up, 307

Learning

- focus, 248–250
- journal, 249

M, N

Mentor, 54–55, 61, 85, 283, 310, 313–314

Meta-programs

- attention, 133–134
- convincer meta-programs
 - authority source, 129
 - convincer demonstration, 129
 - convincer representation, 128
 - relationship comparison, 128
- evolving faster than the pace of change
 - goal striving, 131
 - motivation direction, 130
 - nature, 130
 - scenario type, 131
- introvert, 135–136
- myers briggs, 125–126
- rejuvenation, 125
- tuning meta-programs, 131–133

Motivators

- enneagram types, 185–186
- extrinsic, 180–181

intrinsic

- autonomy, 181
- Mastery, 181
- purpose, 182

O

Organization, 31, 33, 35, 38–41

P, Q

Perspective

- levels of perspectives, 275–278

Purpose, 191–192

R

Recruitment

- exit, 239–240
- hiring, 239
- onboarding, 239

Reflection, 26–28, 269–321

Reflection framework, 278–279

Reflection methods, 282–284

- feedback, 292
- journaling
 - critical events, 289–291
 - general, 288–289
 - patterns, 291
- practices, 292–293

Reticular Activating System (RAS), 166

S

Sawtooth Resignation Pattern, 45, 46

Self-organizing, 48

Shift in CTO Role

- shift in the last 10 years
 - culture shift-talent and process, 65–66
 - strategic shift-digital enablement, 64–65
- shift in the next 10 years, 70

Stages of development

- achiever, 103
- assessing, 106
- catalyst, 103
- co-creator, 103
- conformer, 103

Stages of development (*cont.*)

- enthusiast, 103
- expert, 103
- explorer, 103
- operator, 103
- synergist, 103

State management, 226–228, 267, 307

Stress

- stress curve, 226, 227

Success

- leadership, 47
- redefining personal success, 47, 56–57

T

T.E.A Model

- actions, 229
- emotions, 229, 230
- thought, 229

Technical full stack

- API and microservices layer, 95
- backend, 95
- front end, 95

Technical leadership

- dictatorship spectrum, 58
- leadership style, 58–59
- passion for technology, 60–61
- technical direction, 59

The fork

- inflection point, 45–46

The Stakeholder Process

- identify
 - stakeholder relationship map, 254–257
- influence
 - Gaining buy-in to reduce Technical Debt, 263–265
 - pitching to stakeholders, 261
- understand
 - Never ask WHY, 259

Three components of digital leadership success

- deeply understand people, 72–73
- digital organization, 73
- drive and integrate key technology trends, 73

U

Unnatural Leaders

- growth of long-lasting stakeholder relationships, 194

growth of our

- teams, 194
- personal growth, 194
- purpose, 193–194

Unnatural Leaders Three Intentions

- build long lasting, mutually beneficial relationships, 205–209
- passionately curious, 200–202
- from performance management to growth, 202–205

Unnatural Leaders Weekly

- Structure, 223

Unnatural selection, 73

- attention
 - self, 84
 - stakeholder, 84
 - team, 84
- awareness
 - humans as a full stack, 80
- evolution helix, 76–78
- framework, 76, 87
- intention
 - the clarity process, 81–82
 - personal intention: be passionately curious, 82
 - stakeholder intention: build long-lasting, mutually beneficial relationships, 83
 - team intention: move from performance management to growth, 83
- reflection
 - growth mindset, 85–87

V

Virtual reality (VR), 1, 4, 13, 27, 67, 69, 73, 90, 299, 301, 307, 315

VR. See Virtual reality (VR)

W, X, Y, Z

What If, 158, 314–318

What's Important

- meta-programs
 - attention, 196
 - preference, 195
 - quality of life, 195
