Tentorium cerebelli 36
Thalamus 18-20, 102-10, 113-19
  blood supply 105-6
  language role 113-19
  neuroanatomy 102-4
Tics 246
Tonsilar herniation 125
Toxic disorders 57
Transcortical motor aphasia, see Aphasia
Transcortical sensory aphasia, see Aphasia
Transient ischaemic attacks, see Cerebrovascular disorders
Traumatic head injury, see Head injury
Trigeminal nerve, see Cranial nerves
Tumours, see Neoplasm
Upper motor neurone lesions 224-30
  neurological disorders 229-30
Vagus nerve, see Cranial nerves

Veins 44-5
  cerebral 44-5
  emissary 45
  jugular 45
  vein of Galen 45
Venous sinuses 44-5
  cavernous 44
  occipital 44
  petrosal 44
  inferior 44
  superior 44
  sagittal 44
  inferior 44
  superior 44
  straight 44-5
  transverse 44-5
Ventricular system 34-6
  fourth ventricle 35, 36
  lateral ventricles 34, 36
  third ventricle 34-6
Verbal apraxia, see Apraxia of speech
Visual agnosia, see Agnosia

Wada test, see Intracarotid amobarbital test
Wernicke–Korsakoff syndrome 165, 172-3
Wernicke–Lichtheim model 63, 64
Wernicke’s aphasia, see Aphasia
Wernicke’s area 47
Wilson’s disease 280-1
