A

Agent creation system, 78
Aibo (dog-looking robot), 43, 44, 60
Androids, 43, 78, 79, 81, 83, 88
Anthropomorphism, 48, 179
Anthropomorphized embodiment, 105
Anti-porn
 feminism, 135, 139
 feminists, 134, 136
 playbook, 138
 sexbot usage, 140
 standard anti-porn claim, 136
 wares, 140
Arguments from conceivability, 31
Artificial intelligence (AI), 114, 123
 sexual applications, 179, 181
Artificial sexual explicitness, 11
Artificiality influence, 15
Augmented reality, 150
Aurora project, 56
Autism, 45, 56, 57

B

Body schema, 172

C

Car communications, 119
Categorization uncertainty hypothesis, 52
Causality, 171
CB2 (child robot), 42, 44
Child sexual abuse, 170
Commodification, 136, 139
Community-generated services (CGS), 112

Companion agent, 78, 84
Companionship robots, 58
Connected and automated driving (CAD), 114, 115, 119
Consciousness, 31, 32
Conversational user interface, 100, 104, 106
Cooperative intelligent transport systems (C-ITS), 115, 119, 121
Corporeality, 156, 157
Culture war, 133, 134, 145

D

Darkweb, 171
Data protection
 in CAD, 119, 121, 122
 domestic social robots, 123–126
 in IoT, 116, 117
 principles of, 122
Degrees of freedom (DOF), 84, 85
Dehumanization, 49
Developmental robotics, 50, 57
Digisexuality, 177
Digital detox, 114
Digital paranoia, 114
Digital transformation
 goals, 112
 interrelated trends, 112
Digital world, 114
Domestic social robots
 AI, 123
 care, 124
 data protection, 124
 homes, 123
 “intangible”, 123

Domestic social robots (*cont.*)

- personal data, 124
- services, 124

Domination, 142

E

- Electroencephalogram (EEG), 50, 51
- Eliza effect, 88
- Embodied agent, 79, 88
- Empathic robots, 23, 24
- End of Life Care Machine, 55
- Ethics, 150
 - long-term, 35, 36
 - robot love is conceptually impossible, 33, 34
 - short-term, 34, 35

F

- Feminism
 - anti-porn, 135–137
 - anti-sexbot, 137–140
 - books, pornography, 141
 - sex-positive, 142
- Frankenstein Syndrome Questionnaire, 54

G

- Gatebox* (GBX), 103, 105, 107, 108
- Geminoid-DK, 43
- Geminoid F, 43, 44, 67–68
- Geminoid HI-2, 44, 67
- Geminoid robots, 43, 52, 54
- General Data Protection Regulation (GDPR), 112
 - EU, 118
 - general framework, 118
 - in IoT, 115
 - limitations, 126
 - personal data, 116
 - definition, 116
 - processing, 117
 - scandal, 113
 - processing, 117
 - protecting users, 114
 - risks and challenges, 118
 - Working Party, 121
- Genibo (pet robot), 43, 44, 61–62
- Goodness-of-artificial-fit, 10
 - sexual arousal, 14, 15
 - sexual scripts, 12, 13
 - social and sexual norms, 13, 14
- GPS monitoring, 122

H

- Harmony, 45, 57, 64, 78
- Hologram
 - advantages and possibilities, 162
 - augmented reality, 150
 - description, 150
 - fictionality and reality
 - ABBA, the Swedish pop group, 154
 - Gatebox, 154–155
 - Gorillaz, 153, 154
 - Hatsune Miku, 154
 - Joi in “Blade Runner 2049”, 152–153
 - Leia in “Star Wars”, 151–152
- HoloLens, 150
- human lover, 162–163
- love relationships
 - beauty, 160–161
 - corporeality, 156–157
 - dimensions, 155
 - motion, 158
 - movement, 155
 - pictoriality, 155–156
 - and sex relationships, 155
 - size, 159–160
 - speech capacity, 161–162
- product presentations, 150
- real, 150
 - 3d, imaginary/actual reality, 151
 - types, 150
- Hologram Boys, 156
- Hologram Girl, 149, 152, 156–158, 161, 162
- Holography, 150, 151, 154
- Human lover, 162, 163
- Human sexuality, 177, 178, 181
- Humanoid robots, 172, 178–181
 - animate and inanimate, 52
 - appearance, 42
 - dehumanization, 49
 - Nao, 56
 - “pathogen avoidance” account, 51
 - Sophia, 41
- Human–robot gaze cueing, 180
- Human–robot interactions (HRI), 43, 45, 49, 55, 99, 123, 170, 179

I

- ICAT, 45, 61
- Influences of artificiality, 10
- Information and Communication Technologies (ICTs), 112
- Intelligent personal assistants, 81
- Intelligent transport systems (ITS), 119

I

- Intentionality
 - description, 29
 - evolutionary pressures, 31
 - goals of robot, 31
 - representational function, 30
 - teleofunctional accounts, 30
- Intentionality without consciousness, 32
- Internet
 - and smartphone, 112
- Internet of Things (IoT)
 - CAD, 114
 - definition, 115
 - digital transformation, 116
 - policy-based framework, 113
 - social engineering attack, 114
 - vulnerability, 117

K

- KASPAR (robot), 45, 56, 60–61
- Keepon (robot), 45, 56, 62
- Kismet (robot), 45, 62–63

L

- Levy's arguments
 - around the *inside* of robots, 28
 - display of empathy, 23
 - electronic personhood, 28
 - empathic robots, 23, 24
 - human tendency to anthropomorphize, 23
 - impossibility of robot love, 25
 - loving robots, 24
 - short-term ethical implications
 - human autonomy, 26
 - reinforce gender inequality, 26–28
 - voluntary slavery, 29
- Linguistic Primitives Model, 54
- LITTLE CASPAR (robot), 46
- Love doll, 150, 155, 157, 159, 161, 162, 164
- Loving robots, 24

M

- Machine intimacy, 99, 100, 102, 106, 108
- Mini sensor module, 91
- Mirror Neuron System theory, 51
- Morph 3D avatar system, 82
- Motion, 158
- MOUTH (robotic mouth), 46
- Movement, 155, 158

N

- Nao (humanoid robot), 46, 56
- Nonhumanoid social robots, 42
- Non-pet robots, 56

O

- Objectification, 136, 139, 142

P

- PaPeRo (robot), 46, 57
- Paro (robot), 43, 46, 63–64, 179
- Pearl, 46, 55
- Pedophilia, 170, 172–174
- Personal assistant, 78, 79, 81, 82
- Personal companion system, 85
 - See also* Realbotix
- Personal data
 - biometric, 116
 - definition, 116
 - genetic, 116
 - health, 116
 - personal sensitive data, 116
- Pet robots, 43, 44, 46–48, 56, 59
- Philip K. Dick (robot), 43, 47, 65–66
- Philosophy of mind, 22, 36
- Pleo (pet dinosaur robot), 43, 47
- Porn wars, 134, 145
- Pornography
 - anti-porn feminism, 135
 - anti-porn feminists, 134
